

FAMILY: A Jockey Club Initiative for a Harmonious Society Community-based Participatory (CBP) Projects Evaluation Reports Order Form

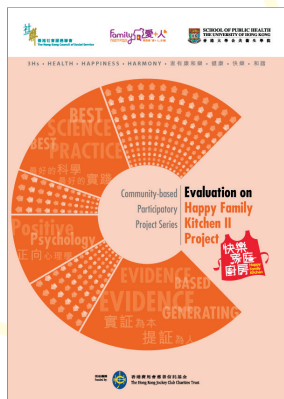

FAMILY: A Jockey Club Initiative for a Harmonious Society is a city-wide project launched by The Hong Kong Jockey Club Charities Trust in collaboration with the School of Public Health of The University of Hong Kong since November 2007. The FAMILY Project organized a series of community-based projects by adopting the Community-based Participatory (CBP) model. These projects used public health approach for project planning, implementation, and evaluation on one hand, and gathered the power of social welfare organizations, local groups, schools and government departments to benefit the families through the best social work practice on the other hand.

We have a series of 7 CBP project reports (English version) for FREE collection as listed below. We hope that through these reports, the findings and experiences can be shared with the community partners, stakeholders as well as the general public so that it can result in the promotion of FAMILY 3Hs (Health, Happiness and Harmony). Please complete and return the form via fax to **+852 2855 9528** or email to **jcfamily@hku.hk**.

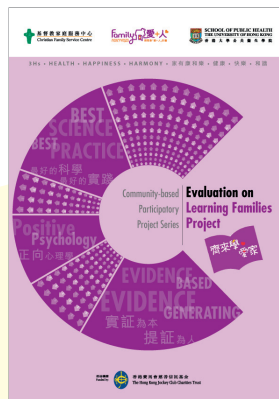

I would like to obtain the following report(s):

☐ Happy Family
